| Emergency admissions all causes | 95.6 | 86.6
| New cases - breast cancer | 96.4 | 122.9
| New cases - bowel cancer | 53.3 | 79.9
| New cases - lung cancer | 107.4 | 73.7
| New cases - prostate cancer | 61.1 | 193.5
| All new cancer cases | 54.8 | 55.6
| Cancer deaths under 75 | 50.6 | 66.5
| Heart deaths under 75 | 86.4 | 73.7
| All deaths under 75 | 73.9 | 68.6
| Deaths from respiratory disease | 189.5 | 233.0
| All deaths all ages | 90.3 | 90.0
| Female Life Expectancy | 84.9 | 85.0
| Male Life Expectancy | 81.6 | 82.7
| 1 Total population | 20642 | 20242
| 2 BME population | 207.4 | 210.8
| 3 Proportion in English | 9.1 | 9.1
| 4 Population under 16 | 17.3 | 17.2
| 5 Population aged 65 and over | 21.7 | 20.6
| 6 Percent of people living alone | 33.5 | 36.1
| 7 % of people with low income | 9.7 | 6.9
| 8 People in poverty | 7.4 | 4.9
| 9 Long term unemployment | 1.5 | 1.6
| 10 Fertility rate | 58.3 | 52.6
| 11 Low birth weight | 2.3 | 2.6
| 12 Deliveries to teenage mothers | 0.0 | 0.0
| 13 A&E attendances age 0-4 | 403.2 | 416.5
| 14 Admissions for injury age 0-4 | 215.7 | 219.7
| 15 Emergency admissions age 0-4 | 200.1 | 204.3
| 16 Child development at age 5 | 66.2 | 70.6
| 17 GCSE achievement | 18.7 | 19.3
| 18 Excess weight age 4-5 | 20.3 | 20.6
| 19 Excess weight age 10-11 | 3.6 | 3.0
| 20 Smokers age 11-15 | 18.1 | 15.5
| 21 Healthy eating (adults) | 33.4 | 32.3
| 22 Obese adults | 20.0 | 15.6
| 23 Binge drinking (adults) | 23.9 | 20.0
| 24 Admissions for alcohol | 96.6 | 76.0
| 25 Self-reported bad health | 6.7 | 4.3
| 26 Self-reported illness | 17.1 | 17.0
| 27 Hospital stays for self-harm | 74.7 | 70.4
| 28 Emergency admissions heart attack | 185.9 | 150.0
| 29 Emergency admissions stroke | 79.5 | 79.2
| 30 Emergency admissions respiratory | 79.1 | 58.9
| 31 Emergency admissions all causes | 95.6 | 86.6
| 32 New cases - breast cancer | 96.4 | 122.9
| 33 New cases - bowel cancer | 53.3 | 79.9
| 34 New cases - lung cancer | 107.4 | 73.7
| 35 New cases - prostate cancer | 61.1 | 193.5
| 36 All new cancer cases | 54.8 | 55.6
| 37 Cancer deaths under 75 | 50.6 | 66.5
| 38 Heart deaths under 75 | 86.4 | 73.7
| 39 All deaths under 75 | 73.9 | 68.6
| 40 Deaths from respiratory disease | 189.5 | 233.0
| 41 All deaths all ages | 90.3 | 90.0
| 42 Female Life Expectancy | 84.9 | 85.0
| 43 Male Life Expectancy | 81.6 | 82.7

**Notes:**
- Population: Total population in the area.
- BME: Black and minority ethnic.
- Proportion in English: Proportion of the population who has English as their first language.
- Under 16: Percentage of the population aged under 16.
- 65 and over: Percentage of the population aged 65 and over.
- Living alone: Percentage of the population living alone.
- Low income: Percentage of the population living in low income households.
- Poverty: Percentage of the population living in poverty.
- Long term unemployed: Percentage of the population aged 16 and over who are long term unemployed.
- Fertility rate: Number of live births per 1000 women aged 15-44.
- Low birth weight: Percentage of babies born with birth weight under 2500g.
- Teenage mothers: Percent of births to women aged 15-19 compared to all births.
- A&E attendances: Number of A&E attendances per 1000 population.
- Admissions for injury: Number of new admissions for injury per 1000 population.
- Emergency admissions: Number of new emergency admissions per 1000 population.
- Child development: Number of children achieving at least the expected level in any of the national tests.
- GCSE achievement: Percentage achieving a 5+ A level and equivalent grades.
- Excess weight: Percentage of people aged 4-10 who are overweight or obese.
- Obese adults: Percentage of people aged 16+ who are obese.
- Binge drinking: Proportion of adults who have binge drunk in the last week.
- Admissions for alcohol: Number of people admitted with primary diagnosis of alcohol problems per 1000 population.
- Self-reported bad health: Proportion of people reporting bad health.
- Self-reported illness: Proportion of people reporting long term illness.
- Hospital stays: Number of hospital stays per 1000 population.
- Emergency admissions heart attack: Number of emergency admissions per 1000 population.
- Emergency admissions stroke: Number of emergency admissions per 1000 population.
- Emergency admissions respiratory: Number of emergency admissions per 1000 population.
- Emergency admissions all causes: Number of emergency admissions per 1000 population.
- New cases - breast cancer: Number of new breast cancer cases per 100000 population.
- New cases - bowel cancer: Number of new bowel cancer cases per 100000 population.
- New cases - lung cancer: Number of new lung cancer cases per 100000 population.
- New cases - prostate cancer: Number of new prostate cancer cases per 100000 population.
- All new cancer cases: Number of all new cancer cases per 100000 population.
- Cancer deaths: Number of cancer deaths per 100000 population.
- Heart deaths: Number of heart deaths per 100000 population.
- All deaths: Number of all deaths per 100000 population.
- Female Life Expectancy: Life expectancy at birth for females.
- Male Life Expectancy: Life expectancy at birth for males.
